## TECHNICAL SKILLS:

Frontend: HTML, CSS, JAVASCRIPT, React JS,  Bootstrap

Backend: Basic Python, Basic NodeJS, PHP

Other Technologies: Wordpress, Figma

## PROFESSIONAL EXPERIENCE

**Netnivaran Internet Services Pvt. Ltd.**                                     **February 2023- Present**

**Web Developer**

1. During my tenure with NetNivaran, I had the opportunity to collaborate with the Ministry of Environment and Forest and Climate Change and UNDP India on a groundbreaking project: the development of a G20 Website. Taking a leading role in PHP programming, I contributed significantly to crafting a sophisticated platform for global stakeholders. Our team's efforts resulted in a dynamic website that facilitated seamless information exchange and met the high standards expected by governmental and international partners.
2.  AditBuildWell.com - Full Stack Development: Conceptualized, designed, and executed the entire development lifecycle of AditBuildWell.com, a live website offering comprehensive insights into the construction industry. Leveraged a full stack approach to ensure optimal performance, incorporating technologies such as HTML5, CSS3, JavaScript, and PHP. The project involved seamless integration of interactive elements, content management, and responsive design, resulting in a dynamic online presence for the client.
3. E-commerce Website Development (WordPress): Spearheaded the end-to-end development of a dynamic e-commerce platform using WordPress, showcasing a keen understanding of user experience and design principles. Implemented robust backend functionalities, seamless payment gateways, and responsive front-end features. Resulted in a highly user-friendly and visually appealing online store that significantly enhanced the client's digital presence.

## EDUCATION:

**Bachelor's in Computer Application -**                                          **2023**
